

SHIVAM NEGI

Aspiring Software Developer | MERN Full Stack | MCA Candidate
shivamnegi0311@gmail.com | +91 7230866873 | [LinkedIn](#) | [GitHub: Shivam-031](#)

PROFESSIONAL SUMMARY

Computer Science professional pursuing an MCA, with hands-on experience building and deploying full-stack web applications using MERN stack. Completed a 5-month, mentor-led full-stack development training at GeeksforGeeks and have since shipped 3 additional live projects, including a civic-complaint platform built for Smart India Hackathon. Solid foundation in JavaScript, Python, Java, and C, with working knowledge of Git/GitHub. Seeking a Software Developer Internship/Training to apply technical skills and contribute to a real-world engineering team.

TECHNICAL SKILLS

Languages: JavaScript, Java, Python, C
Front-End: React.js, HTML5, CSS3, Bootstrap, Tailwind CSS
Back-End: Node.js, Express.js
Databases: MongoDB, SQL (basic queries)
Tools & Concepts: Git, GitHub, JWT Authentication, Bcrypt, Cloudinary
Other: Microsoft Excel, Power BI (basic), Microsoft Word, Microsoft PowerPoint,

PROFESSIONAL EXPERIENCE

MERN Full Stack Development Trainee — GeeksforGeeks

Dec 2024 – Apr 2025

Noida, Uttar Pradesh

- Completed a 5-month, industry-mentored MERN stack training at GeeksforGeeks covering React.js, Node.js, Express.js, and MongoDB, building 7+ independent projects while collaborating with experienced developers on code reviews and industry-standard practices.

PROJECTS

Resolve-Us — Civic Complaint Management Portal

Team Project, SIH

Live: sih-hackthon-frontend.onrender.com

- Built a full-stack platform for Smart India Hackathon enabling citizens to report civic issues — broken streetlights, potholes, garbage — with a government-admin dashboard to review, update, and resolve complaints in real time.
- Contributed as a full-stack team member using React, TypeScript, Node.js, Express.js, and MongoDB; implemented JWT authentication and Cloudinary-based image uploads.

MindCheck — Psychological Assessment Platform

Live: mindcheck-2026-finalproject.netlify.app

- Built a 9-category psychological assessment tool covering 16 questions per category with personalized, score-based insights.
- Developed an authenticated admin dashboard with a MongoDB-backed database, CSV export, and category-level analytics.

E-Commerce Platform (In Progress)

GitHub: [Shivam-031](#)

- Architecting a full-stack e-commerce application with React.js, Node.js/Express.js, and MongoDB, using Redux for state management and JWT/bcrypt for secure authentication.

BotLeague — Robotics Competition Landing Page

Live: botleague.netlify.app

- Built a responsive landing page for a robotics competition platform using React, Vite, TypeScript, and Tailwind CSS.

Mini Projects

GitHub: [ColourPicker](#), [WeatherApp](#), [MovieFinder](#), [GithubProfileFinder](#) ([GitHub Repo](#))

- Developed 4 standalone JavaScript utilities consuming public REST APIs — weather lookup, movie search, and GitHub profile finder — with interactive, responsive UIs.

EDUCATION

Master of Computer Applications (MCA) — IMS Noida

Jul 2025 – Present

Bachelor of Computer Applications (BCA)

Jun 2021 – May 2024

Modi Institute of Management & Technology, Kota, Rajasthan

Secondary & Higher Secondary Education

2018 – 2021

Army Public School, Kota, Rajasthan

CERTIFICATIONS

Vibe Coding: AI-Driven Software Development & Testing (Udemy & SpringBoard) • Java Programming Fundamentals (Infosys & SpringBoard) • Career Essentials in Software Development (Microsoft & LinkedIn Learning) • Programming Foundations: Fundamentals & Beyond the Fundamentals (LinkedIn Learning) • Introduction to Career Skills in Software Development (LinkedIn Learning)

Additional: Grew a YouTube channel to 14,000+ subscribers, producing content in Premiere Pro, Photoshop & Blender.
